(Graphic Newspapers Photo)

Robert Hall Opens New Store In Orland Park

Robert Hall Clothes, America's largest family clothing chain, opens a brand new store in Orland Park on Thursday, Aug. 15, located on U.S. 45 (96th Ave.), just south of 143rd St. (State Rte. 7.)

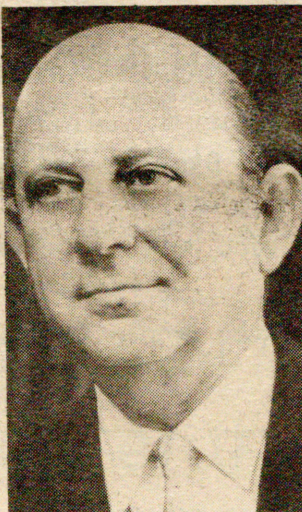

The new store was rushed to completion in time to serve thousands of shoppers with new back-to-school and Fall clothing for the family.

On opening day, there will be free gifts for the entire family, including pencil box rulers, ballpoint pens and balloons. Fifty Dollar gift certificates will be awarded every hour on the hour, to lucky ticket-holders in a store-held

prize award presentation. The first 1,000 women to arrive at the new store on opening day will receive a free double orchid corsage, specially flown in from Hawaii for this event.

The opening festivities will last through Sunday, Aug. 18.

It was only 26 short years ago that Robert Hall opened its very first store and introduced revolutionary new principles to the selling of family apparel. Today, the Robert Hall 1968-69 expansion program forges another link to the nationwide chain, now numbering 400 stores from Maine to Hawaii.

Parade Will Feature Frankfort Festival

All committee chairmen are busy with plans for the 1890 Fall Festival celebration to be held at Frankfort Aug. 31 and Sept. 1 but those in charge of the parade are reported to be working overtime to keep up with new additions.

William Knipple and Bruce Wells, the co-chairmen, report there will be numerous horsedrawn equipages in the line of march. Some of these vehicles are quite ancient, they said.

One of the features will be a kiddies parade, the co-chairmen added. It will be part of the regular parade but the line of march will cover a shorter distance. Every youngster participating will be rewarded for his efforts, it was announced.

James Kelly reports that his efforts to bring the Meister Brau six-horse hitch to Frankfort to take part in the parade have been successful. Because of the

expense in transporting the horses and the brewery wagon to parade locations -- it amounts to several thousand dollars -- their appearance is generally restricted to the larger communities.

The Will County Sesqui-centennial Committee is to provide a trophy to the parade winner, and the local committee will give a trophy to the winner of each category. Ten divisions are planned.

The parade, which is scheduled to form on the Mobil Chemical and Standard Compound parking lots, is to start at 1 o'clock and will move on Center to Nebraska St. and west on Nebraska to Frankfort Community park.

Parades at Frankfort usually include Kansas St. in their route but this year Kansas St. will be given over to the art show that Albert Behnke, professional photographer is lining up. It will be held both days. Besides the work of professional ar-

tists, booths also will be available for the display of talent at grade and high school levels.

There also will be space allotted to artists who wish to work as part of the scene.

W. Leonard Patterson, chairman of the co-ordinating committee, promises big days for the visitors. There will be ball games, dances, barbershop singing, a German band in a German beer garden setting, smorgasbord, the Frankfort Chamber of Commerce's Wiener and Sauerkraut day, Aug. 31, and many other activities, he said.

The Frankfort library board is planning open house Aug. 31 in the library's new quarters. Mrs. August Santoro, librarian, announced a 10-cent book sale will be held. Hours for the library open house will be from 10 a.m. to 2 p.m.

Frankfort is planning on entertaining thousands of visitors, Patterson said.

Area Taxing Checks From Treasurer

The taxing bodies of New Lenox and Frankfort townships received checks this week from tax money collected by County Treasurer Clarence Lipman since Aug. 1, the date on which he took over the task of making the collection.

Until July 30 the township collectors did the collecting. Ordinarily they would have completed their job on May 31, and the treasurer would begin his collections June 1. This year, however, the tax bills were late, there having been a hassle with the State Department of Revenue over the multiplier in the process of equalizing valuations.

W.F. Schuetz, deputy county treasurer, announced last Thursday that checks were going out in the mail that day to the various taxing bodies in the county. These checks represented the distribution of tax monies collected at the treasurer's office.

It is believed that this is the first time that any tax distribution has been made of current collections within a week of the beginning of the collection period. It was only thru the diligent application of time and effort by the treasurer's office and the members of the staff of Howard Gierich and the IBM section that this was possible.

Schuetz explained that the main reason for the extra effort in making this early distribution was to provide needed funds to the taxing bodies. It is possible, it was said, that this distribution will make it unnecessary for some bodies to issue tax anticipation warrants, thus saving additional

1,200 Attend Orland Lions Club Picnic

Orland Park Lions had a big day last Sunday.

The club sponsored a chicken barbeque in the Palos Forest Preserve that was attended by some 1,200 men, women and children. It is an annual event.

More than 4,000 ears of sweet corn and some 600 chickens were consumed, along with other foods and hundreds of gallons of beverages.

Many of the Lions worked from 5 o'clock in the morning until after 9:00 that night. The event drew people from all the area communities. Proceeds, above expenses, will be used by the Lions to finance their various projects, particularly their aid to the blind.

A critical shortage of Army boxcars occurred in 1966 and 1967. Army ammunition plants needed many and none were available. It was suggested that 40-ton foreign service boxcars, which had been purchased in 1952 for overseas use, be assembled and modified so they could be used on American railroads. The cars are now in service at many of APSA's plants.

Water Can Be Problem For N. L. Residents

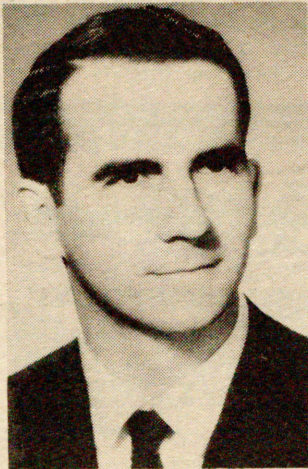

The New Lenox village board was to have met last night for its regular session which should have been held last week. The Aug. 7 meeting could not be held, for lack of a quorum. There are seven members on the board and at least four must be present if any business is to be transacted.

Last week Mayor Joseph Hartung was stricken with a sudden attack of influenza. Trustees Wilbur Thackery and Earl Schroeder were on vacation and Trustee Robert Randolph was out of town. This left Francis Miller, Jack Batson and Robert Wy-

sock holding the fort but there can be no meeting with only three council members present.

Several were present who wanted to talk about sewer service and they did to some extent. However, it was only a practice session, so to speak. One of the men present, Edward Piercing, came to complain about presence of surface water that washes in from the south after heavy rains. Piercing declared that wells were becoming polluted from this surface water.

A lot of the wells at New Lenox are comparatively shallow it was said, and the surface water trickling down thru faults carries pollution into wells.

DR. ALAN F. JOHNSON, professor of Bible and theology at Moody Bible Institute, Chicago, will speak at the 10:45 a.m. and 7 p.m. services Aug. 18 at Orland Park Bible Church, 158th St. and Wolf Rd. His background promises an interesting sermon.

Will County Acts To Speed Returns

The Will County Board, splitting on party lines, has voted to purchase the IBM voting devices that were used in the primary election last June, for the November election.

It will cost the county \$165,000 but eventually it is expected that the system will save money. The legislature is expected to enact a law at the next session to allow election judges two days pay if they have to count paper ballots. There are five judges in each precinct and there are 191 precincts in Will County. Each judge now receives \$25 for his services at the polls, \$30 if he attends the school for judges held by the county clerk.

The IBM system is simple. The names of the candidates are printed on pages. It looks like a booklet, with only a few names to a page. There are eyelets thru which one may insert a stylus. This punches a card that is inserted in the booklet. The cards are brought to calculating center where they are run thru a computer.

At the primary election, usually a long one to count, the returns were completed around 11 o'clock. In the past the last precincts got in in the forenoon of the following day.

The vote on the purchase

of the machines was 26 to 11. All the Republicans and one Democrat voted for the purchase. The Demos opposed the purchase, according to politicoes, so they can charge that the Republicans are spenders while the Democrats are savers.

One of the reasons for adopting this IBM system, it was said, was that it has become increasingly difficult to find persons willing to serve as election judges because of the long hours required to count paper ballots.

FRED KIESLAR, son of Mr. and Mrs. Oliver Kieslar, Wolf Rd., Mokena, has accepted the position of curriculum co-ordinator for the schools of the Unified Dist. 231, Gardner, Kan.

Registration Week On At Frankfort School

Vacation is practically over as far as Frankfort Grade School pupils are concerned.

Next week, Aug. 19-24, has been designated as registration week and Tuesday of the following week, Aug. 27, will be the first day of school for the youngsters.

The teachers will begin their year a day earlier. They are slated to attend a day long workshop Aug. 26.

When pupils register next week they also will pay the various fees required. They will be given their class assignments and furnished with information relative to transportation schedules.

All youngsters entering school for the first time, or entering the fifth, or are attending school for the first time in Illinois, must show evidence of physical and dental examinations. No pupils will be allowed to attend school until the proper health examinations have been made and the results are on file at the school office. Forms for these examinations may be obtained at the school office.

All families new to the Frankfort grade school district are requested by school officials to pre-register their children immediately so that class lists may be developed and arrangements made to have

adequate materials on hand.

The school office, Oak and Oregon Sts., will be open for registration from 9 a.m. to 12 noon and from

1 to 3:30 p.m., Monday thru Friday. The office also will be open Saturday morning, Aug. 24, from 9 a.m. to noon.

Fire Threatens Home Area At Frankfort

Fire of undetermined origin destroyed two garages, and a shed, and caused considerable damage to another shed at the rear of the Church of the Good Shepherd in Frankfort early Tuesday morning.

Fire Chief Lynn Kohlhausen estimated damage to the buildings at approximately \$3,000 but made none on the contents.

The Frankfort fire department merits commendation for making a good stop. The fire occurred in the midst of numerous frame homes, and could have spread over a wide area but for the work of firemen.

Mrs. Sherrill Rahm, 151 Walnut St., awoke early and saw the fire. She turned in an alarm shortly after 3:30 a.m. The blaze is believed to have started in a garage at the rear of the Charles Mark Sr. home at 139 Walnut St., spread from there to a chicken house and then jumped to sheds at the rear of the church and spread to the Rahm garage, which con-

tained three cars. The vehicles were driven to safety by Rahm without damage, it was reported. Firemen fought the blaze for several hours.

Plan Police School At Orland Pk.

A police science school is scheduled to begin Sept. 3 in the Orland Park village hall, it was announced this week.

All phases of police work will be covered in the course that will extend over 10 or 12 weeks. All persons interested, including police officers from neighboring villages, may enroll. There is no charge for the course.

The Orland Park police department will select some men for parttime duty from this class. Applications for police jobs are available at the village hall, as are enrollment blanks for the school.

DISCUSS FRANKFORT'S ASSETS — A group civic leaders met with Nolan B. Jones, of the State of Illinois commission on industrial and business development, to discuss the community's future prospects. The state, which is seeking more industry and business for Illinois, also lends its support to communities in their endeavors to attract factories and commercial firms. Left to right, Charles McManimen, president of the Frankfort Lions; Mayor Glenn Warning; Jones; Ralph Show, president of Frankfort Chamber of Commerce; Marvin Brownell, chairman of the Frankfort Industrial Commission; August Santor, Frankfort assessor; Burt Breidert, chairman of Frankfort Planning Commission, and John Djerff, assistant village engineer. Back of Santoro, with only a bit of his head showing, is Henry Morsel, chairman of the zoning board of appeals.

List Assessments For New Lenox

The personal property assessments for residents of New Lenox Township appear elsewhere in this issue.

These assessments are for the year 1968. Also appearing is a list of real estate assessments that have been added or changed since the last preceding assessment.

It was explained by County Treasurer Clarence Lipman that the assessed valued given are subject to revision by the Will County Board of Review and to equalization by the State Department of Revenue.

Persons who have com-

plaints concerning the assessments shown for New Lenox Township have 10 days from this date to appear before the Board of Review.

Such inquiries are to be made with the reviewing body from 9 a.m. to noon and from 1 to 4 p.m., Monday thru Friday. The board has its office in the southeast corner of the second floor of the court house.

Any complaints relative to the assessment should be addressed to the Board of Review, it was emphasized. The county treasurer has no jurisdiction in such complaints.

Reports I-80 Interchange Bids Held Up

Joseph Henely, a member of the Orland Park Village Board, announced at the regular meeting of that body Monday night that bids on the I-80 interchange on U.S. 45, east of Mokena, have been put over until October or November.

Henely said he had been informed of this change by state officials. The bids on the interchange were scheduled for a week from tomorrow, Aug. 23. The change in plans, Henely said he was informed, is due to some difficulty over an easement.

Work is progressing on carrying U.S. 45 over the Rock Island tracks to 191st St.

Food Poisoning On Increase

Copyright 1968 World Book
Science Service

Almost everyone has at some time experienced the vomiting, fever, diarrhea and excruciating abdominal pain of food-poisoning, quite often mistakenly called intestinal flu.

Incidents of food poisoning, many fatal, have been increasing at an alarming rate. The food processing industry has panicked and the U.S. Food and Drug Administration (FDA) has sent its sleuths out to track down the enemy agent.

At the University of Wisconsin, where most of the detective work is being done

Medical MEMO

on food-contaminating organisms such as staphylococcus, C. botulinus, perfringens, mycotoxins, and viruses, researchers have found that the greatest single culprit is salmonella, accounting for 1,400 reported cases in 1951, to up 2,000 cases in 1965, and to a possible 2,000,000 cases this year

Salmonella is a bacterium found in the intestinal tracts, and hence in the feces, of animals and humans. Various species of salmonella cause typhoid fever, paratyphoid, parrot fever, hog-cholera and other dysenteries. The world first became aware of its depredations when the U.S. shipped powdered eggs to England

during World War II. Cooking the reconstituted eggs did not supply sufficient heat to kill the bacteria and the results were disastrous.

The present crisis began in 1966 when the FDA traced a veritable epidemic of food - poisoning to salmonella in a name-brand powdered milk. Since then it has been discovered in some batches of red insect dye used for coating candy, in meat extenders, barbecue sauces, some drugs, enzymes from animal organs, coconut, dehydrated yeast, eggs, egg products, poultry, raw meats, pastries.

Fifty-six large food-pro-

cessing companies have had to withdraw over 200 products from the market at a loss of millions.

Nor will the problem go away by wishing it to. Properly prepared food can be recontaminated by careless handling after cooking. There's also too large a reservoir of the organisms in food animals, poultry, house pets and human carriers. Banquets and picnics do the largest spreading job. Sufficient heat will kill the bacteria and refrigeration will prevent their proliferation. But only the most rigid personal cleanliness can prevent their spread within a home.

HIGH FLIERS

Geese have been seen flying over the Himalaya Mountains in Asia at a height of 29,000 feet, and are considered the highest-flying birds. A condor in South America once collided with an airplane at 20,000 feet. However, most birds seldom fly higher than 3,000 feet.

Helpful Ghosts in Sky Obtain Weather Data

Copyright 1968 World Book
Science Service

You have probably heard or read about satellites that circle the earth taking pictures and collecting information about weather conditions in hard-to-reach places.

They have greatly improved worldwide weather prediction, but they're very expensive and can only make certain kinds of measure-

ments; therefore scientists are looking for other ways to help gather worldwide weather data.

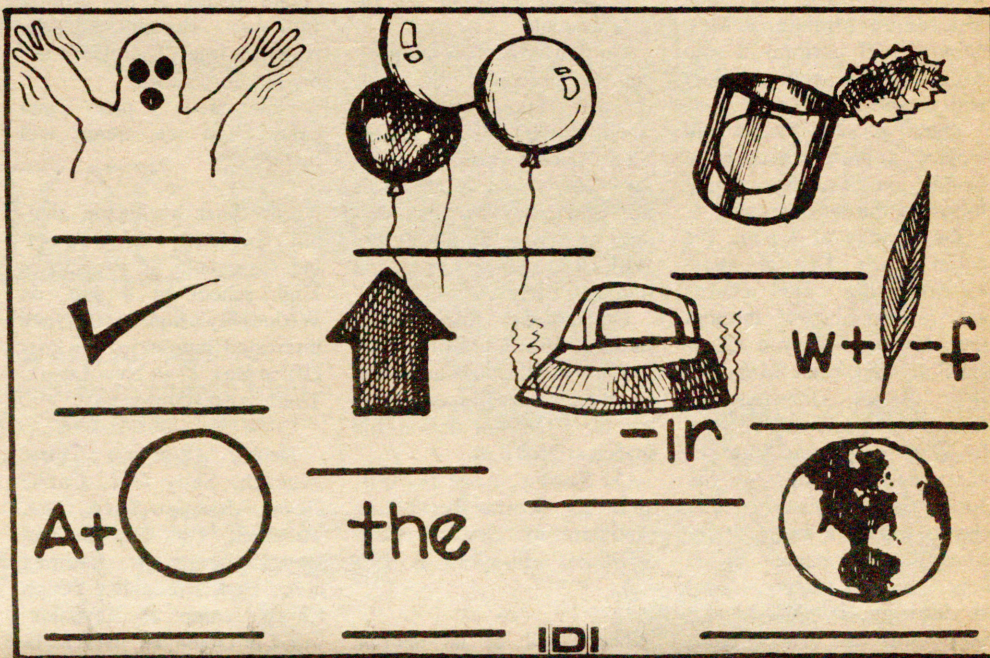

One idea is to use balloons carrying instruments to collect the desired information and small radio transmitters to relay the data to satellites or to ground receivers. Computers could then gobble up the information and help weathermen prepare long-range, worldwide forecasts.

One of the most promising balloon projects is called Ghost, for Global Horizontal Sounding Technique. It would take about 10,000 balloons to cover most of the globe, so it would be pretty expensive to replace them frequently. The Ghost balloons now being flown can last as long as two years, and the equipment they carry costs less than \$300 per balloon.

The Ghost balloons fly at nearly constant altitudes. That's the reason for the word "horizontal." Part of the key to this horizontal flight pattern is the fact that the balloons are made of very thin plastics that are not drastically affected by pressure and temperature changes.

In fact, they are constructed so that changes in atmospheric conditions cause changes only in the stress on the balloon skins but do not cause them to go higher or lower.

More tests are needed before scientists can be certain that the balloons will really help with the world's weather forecasting problems, but so far at least, it looks like these Ghosts will be very handy.

If you solve the rebus, you will find an important message to remember. . . . Answer:
Ghost balloons can check up on weather around world.

Sitting for its portrait during recent ecology studies, this wolf spider, which averages about three-quarters of an inch in length, regards the photographer with eight eyes.

The accompanying picture has been enlarged and retouched.

Unlike most spiders, this species does not spin a web, but often burrows underground. Wolf spiders are

abundant in forest floor litter and are said to be beneficial in regulating small animal populations.

The studies in which these pictures were made are carried on by the Health Physics Division's Ecology Section at the Oak Ridge National Laboratories, Oak Ridge, Tenn. The program is concerned with the possible effects of radiation and radioactive contamination in diverse environments, including forests, fields and water.

In 1954 the group came under the sponsorship of the Joliet Park District. The chorus numbers many prize-winning performances in its long record of singing. Choral festivals at the Illinois State Fair and Chicagoland Music Festival; a concert at Washington, D.C. where they represented Illinois at the 1950. Sesquicentennial exposition; many state and

national conventions in the Chicago area; annual participation in Christmas caroling programs at Union Station in Chicago and presentation of the Messiah for many years.

They also sang on Radio Station WLS for many years as the featured chorus on the Thanksgiving Day Program. Other stations include WGN, WMAQ, WJOL, and Television stations WTTW and WMAQ. Many organizations having programs honoring the Illinois Sesquicentennial have used the services of the Chorus and there are several more in the future schedule.

Gordon Mauer is at present the director of the chorus having taken over in 1967 when Arthur Eneix retired after having been director for 20 years. Rehearsals are held every Monday evening at 8 p.m. at the Louise Wolf Recreation Center on Richards Street.

Open Letter from the HIRSCHS'

Dear friends,

Bernard Baruch was asked who he thought was the greatest man of his age. He replied: "The fellow who does his job every day. The mother who runs a home and gets the meals. The fellow who keeps the streets clean. Millions of men."

In the common things of life lies the strength of the nation. Not in brilliant conceptions and strokes of genius shall we find the chief reliance of our country, but in the home, in the schools, and in religion.

Respectfully,

Levin Hirsch

Place Joliet Jr. Coll. In Experimental Program

Joliet Junior College is one of 87 junior colleges in the United States chosen by the American Association of Junior Colleges to participate in a program to make improvements in administration, finance, curriculum, and vocational - technical areas. Called "Program with Developing Institutions," this project is financed by a federal grant of over half a million dollars, and involves sending experts in these various fields to the 87 schools to study their problems and make recommendations.

The following three-man team held its first conference on June 18, 19, and 20 with JJC administrators and teachers: Dr. Patrick J. Distasio, director of the Division of Career Programs and Community Services, Miami-Dade Junior College, Miami, Florida; Dr. Russell O. Boyer, dean of Student Services, Cuyahoga Community College, Cleveland, Ohio; and Dr. Robert L. Appel, Rock Valley College, Rockford, Illinois, who has had wide experience in administration, facilities, and curriculum.

As a result of the first conference, the consulting team made these recommendations:

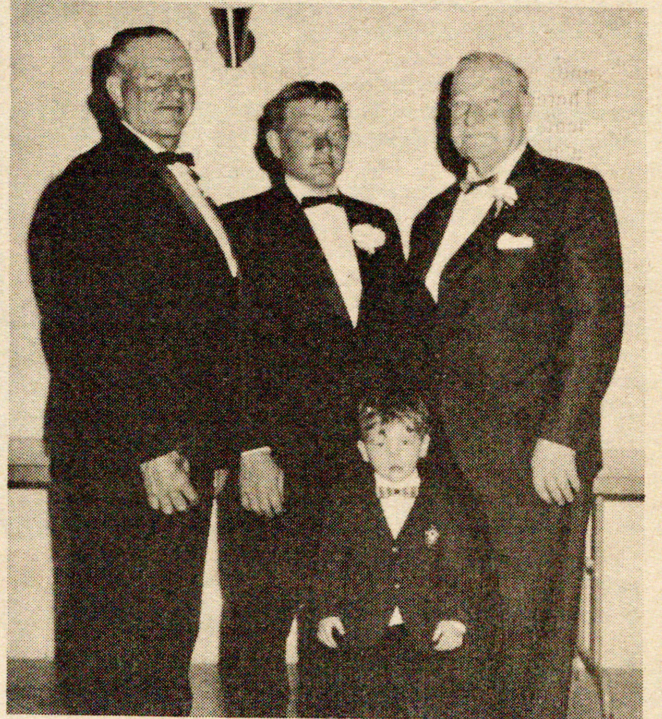

1. Appointment of additional administrators.
2. Organization of the faculty into related academic divisions instead of departments.
3. Appointment of a head for student personnel services, which includes guidance and counseling, admission, orientation, organizations and activities, health services, food services, financial aid, and job placement.
4. Employment of full-time counselors and establishment of a student counseling program, in addition to the present faculty advisors.
5. Appointment of a student financial aids officer.
6. Review of the general education requirements for all students, regardless of the curriculum in which each student is enrolled.

7. Involvement of the entire junior college district in the affairs of JJC through a community action committee made up of administrators, faculty, and various citizens of the community who represent its interests. In addition to establishing communication with the entire district, this group would help the college in reaching out into the greater community with many of its present programs and in designing new action-oriented community services.

The three consultants will return Oct. 11 and 12 for a second conference.

Meantime, several of their recommendations have already been carried out. Both a permanent director of business affairs and an assistant have been selected, as well as a dean of college parallel and general studies. Dr. Walter Zaida, who has been on leave for the last two years while completing his doctorate at the University of California in Los Angeles, will return on Aug. 1 to work in student personnel services. Three full-time counselors have been selected. Investigation is under way to locate a financial aids officer.

Numerous staff projects are also under way. The psychology and education staff, headed by Mrs. Grace Brewer, chairman of that department, is moving toward the expansion of community experiences as part of the curriculum.

FOUR GENERATIONS attended a recent event involving the Lauffer family. At the right is William Lauffer, of Mokena, the father of Walter, of Tinley Park, at the extreme left. In the center at the rear is Lawrence Lauffer, of Oak Forest, son of Walter and grandson of William. In front is Larry, the son of Lawrence, the grandson of Walter and the great-grandson of William.

Joliet Jr. College Announces Calendar

Students in Illinois Junior College District No. 525 who are planning to enter Joliet Junior College in September are advised that applications for admission must be filed before Aug. 15 in the college office, 201 East Jefferson St., Joliet, if last registration costs are to be avoided.

Already more than 1,500 students have scheduled their classes for the fall semester, and a total of over 2,000 is anticipated in day-time classes.

According to the school calendar for 1968 - 69, recently approved by the Joliet Junior College Board, classes will begin on Sept. 12, after a week of faculty and department meetings, registration, and orientation of new students.

On Sept. 5 and 6 all new teachers, department chairmen, and advisers will report. There will be a general orientation session for new teachers, followed by meetings with their respective department heads. Advisers will counsel with incoming students who did not schedule their classes last spring, and will also hear petitions for readmission of students who failed to meet academic requirements during the spring term.

On Monday, Sept. 9, the entire faculty of about 100 will convene at 8:30 a.m. for a meeting addressed by Elmer W. Rowley, the president. Departmental meetings will follow from 9:30 until noon, with plans being finalized for the new semester.

Also on Sept. 9, orientation of new students is scheduled from 10:00 a.m. until 4:00 p.m. This program will acquaint newcomers with the building itself, the traditions, organizations and activities, student government, publications, and most important, the policies and procedures of the college.

Registration will be between 1:00 and 3:00 p.m. on Sept. 9, and from 8:00 a.m. to 3:30 p.m. on both Sept. 10 and 11. In order to relieve extended waiting in line, students are asked to appear according to the first letter of their last name, during the following time periods: Sept. 9, returning students who were enrolled

in Joliet Junior College last semester, J thru M from 1:00 to 2:00 p.m.; N thru R from 2:00 to 3:30 p.m.

On September 10 returns students continue, with S thru T from 8:00 to 9:00 a.m.; U thru Z from 9:00 to 10:00 a.m.; A thru C from 10:00 to 11:00 a.m.; and D thru I from 11:00 to 12:00 noon.

On Sept. 11 registration of new students will be completed with H thru J appearing from 8:00 to 9:00 a.m.; C thru D from 9:00 to 10:00 a.m.; K thru L from 10:00 to 11:00 a.m.; T thru W from 11:00 to 12:00 noon;

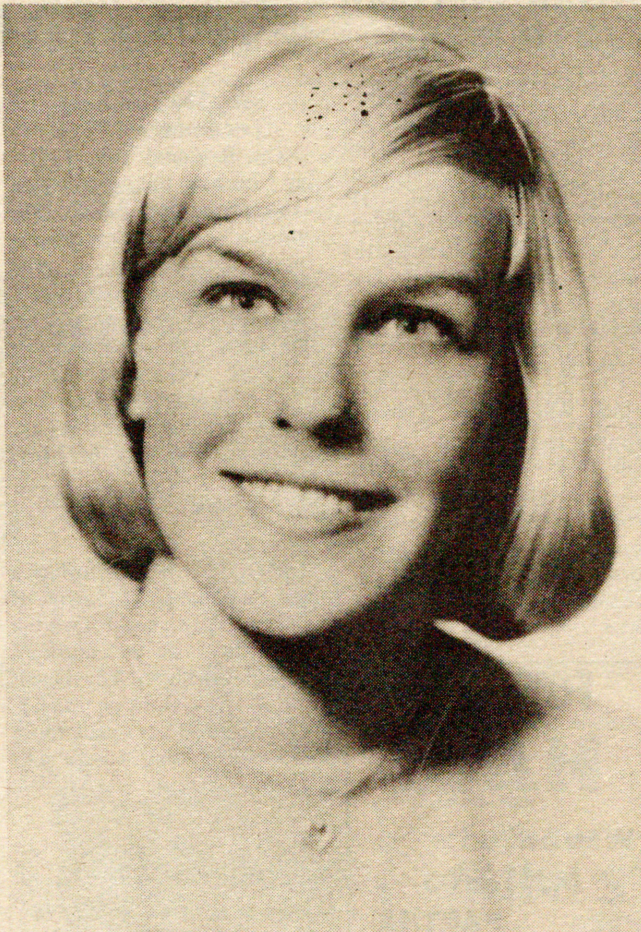

E thru G from 12:00 to 1:00 p.m.; S from 1:00 to 2:00 p.m.; and X thru Z from 2:00 until 3:30 p.m.

Mid-semester is Nov. 7, with mid-semester grades being reported to students and their parents within several days thereafter.

Three holidays occur during the first semester: Veterans' Day on Nov. 11, the Thanksgiving holiday, Nov. 28-29, and the Christmas holidays, Dec. 23 thru Jan. 3.

After the New Year, classes resume on Jan. 6, followed by semester examinations Jan. 20-24.

Allowing a two-day interval to permit the office staff to record grades and figure grade averages, the schedule calls for registration for the second semester on Jan. 28-30. Second semester classes will begin Jan. 31.

Halik-Haehnlein Vows Recited At St. John's

Baskets of white gladioli decorated the altar of the St. Johns United Church of Christ, Mokena, for the wedding ceremony between Millicent A. Halik and Gerald G. Haehnlein.

She is the daughter of Mr. and Mrs. Marcel V. Halik, West Circle Drive, New Lenox, while Mr. Haehnlein is the son of Mr. and Mrs. George A. Haehnlein, 19434 Midland Ave., Mokena.

The double ring nuptial service was read by Rev. Laslo Hanyady at 2 p.m. June 15. Appropriate background music was provided by Mrs. Robert Lindberg, organist.

Given in marriage by her father, the bride wore a toe touching empire A-line gown of silk organza with beatteau neckline, sheer chandelier sleeves appliqued with venice lace. Her cardinal train of sheer organza was also appliqued with venice lace.

Her veil of imported silk illusion was caught to a caplet of organza strewn with pearls and crystal, and she carried a cascade of white and yellow daisies, snapdragons, and baby breath. She wore pearl ear rings with diamond chips, a gift of the groom.

Attending as mastron of honor was Mrs. Joseph Grobarcik, Jr. She wore a toe-touching gown of voile flowered print in hues of green and pinks, empire bodice, defined by a lime gros-grain ribbon and scoop neckline and cap sleeves.

Her forward hat was of self fabric and pink daisies attached to a green jet veil of illusion, and she carried a basket of pink and yellow daisies and baby's breath.

An identical ensemble was worn by the bridesmaid, Debra K. Haehnlein, sister of the bridegroom.

Joseph R. Grobarcik, Jr. served as best man, and usher was William A. Sayers.

A reception in the church parlors was held immediately after the wedding. Mrs. Jan Marshall, cousin of the bride cut the wedding cake, and Miss Susan Novak, cousin of the bride, had charge of the guest book.

For her daughters wedding, Mrs. Halik wore a two piece ensemble of Nile green silk linen princes line dress with venice lace at the neckline, a three-quarter

length coat bordered by scalloped lace, and matching accessories. She wore a lime green cymbidium orchid corsage.

The bridegrooms mother, Mrs. Haehnlein selected a sheath dress of yum yum pink chiffon with venice lace bodice and sleeves and matching accessories. Her corsage was of pink cymbidium orchids.

Pre-nuptial parties for the bride were given by Mrs. Charles Kelly of Clarendon

Hills, and Mrs. Joseph Grobarcik, Jr. of Mokena.

This budget will be put before the membership for approval at the first membership meeting of the group for the new term on Thursday evening, Sept. 12, at 8 p.m.

Through the combined efforts and hard work of everyone during the past school year, the Parent-Teacher Group was able to present William Avila, school superintendent, with a check in the amount of \$1,109.66. This amount was used to purchase a film projector, film strip projector, and strip library for the school.

The officers for the coming school year, elected last spring, are as follows: Mary Farnham, president;

Jean Dornseif, vice president; Carol Searles, treasurer; Ruth Price, secretary; Donnis Cullum, ways and means; Alice Lawson, membership; Euhla Rose, head room mother; Barbara Hamilton, sociality; Marge Munday, hospitality; Lorraine Drinane, publicity, and Dawn O'Dell, budget.

Any mother with children attending the Arbury Hills School wishing to help out by being a room mother should contact Mrs. James Rose, the head room mother at 479-9506. Mrs. Rose needs room mothers for the third, fourth, fifth, sixth and seventh grades.

St. Mary's School in Mokena will re-open for the fall term on Monday morning, Aug. 26 for a partial day to coincide with the Mokena Public School schedule, since the public school buses provide transportation for the St. Mary's students within the public school district. The charges are the same as being paid by the public school students.

The tuition fees will remain the same as last year with one child in the family attending school paying \$100 per year and two or more children paying \$125 per year. The educational fees will vary with each grade, and the amount may be obtained by contacting the convent.

Since the seventh and eighth grades will be taking some courses at the Willowcrest Public School in Mokena this year, the seventh and eighth grade girls will not be required to wear the uniforms to classes. The sixth grade girls may wear either the two piece or the one piece uniform to classes this year.

The second all-star baseball day was held here in Arbury Hills which pitted the Pony Team of boys against the all-star team of the coaches and managers. With a perfect baseball day on Sunday, the game went forth with full gusto.

It was a tightly contested match and saw the coaches and managers coming out ahead in the end by the score of ten to nine. Congratulations men, sluggers all! Line form to the right for line-men!

Surgery Gowns Get A New Look

After many years of wearing green and shapeless scrub gowns, nurses in the obstetrical department at Christ Community Hospital, 4440 West 95th Street, Oak Lawn, collaborated in creating a new "gown" combining style and service.

Spearheaded by Miss Frances Dolan, R.N., of Evergreen Park, assistant supervisor, the nurses developed a gown suitable for practically all sizes and shapes with a minimum of alterations.

The material is peppermint pink perky searsucker, a change from surgical green.

The gown incorporates a moderate neckline, raglan sleeves with a turn-up cuff, an adjustable waistline and a self sizing belt.

A full-lap back closing makes a fashionable dress.

Palos Owned Car-Antique Star

Last year's grand champion of the Antique Auto and Sports Car Meet at the Illinois State Fair, a 1906 Ford Model K, will be the featured car in an exhibit on display throughout this year's Fair, Secretary of State Paul Powell, superintendent of the Meet, announced today.

The exhibit will be located on the Avenue of Flags, directly opposite the entrance to the Grandstand.

The Model K Ford, which was manufactured only in 1906, 1907 and 1908, is an

unusually rare car, Mr. Powell said. It represents Henry Ford's unsuccessful effort to enter the high-priced car field. It had a six cylinder engine, and sold for \$2,850. The car is owned by Durward Fagan of Palos Heights.

Another car is the exhibit offers some interesting history, also, Secretary Powell said. This is a 1911 Cadillac owned by Jack L. Tallman of Decatur.

Theodore Roosevelt was the first American President to drive his own car,

which was this one or one just like it. They had cars at the White House prior to this time, but Mr Roosevelt was the first president to drive.

Other cars in the exhibit and the owners are: 1905 Moline, Herbert Lohman of Hillsdale; 1909 Sears, Richard C. Dobbins of Springfield; 1910 Packard, Fred Woods of Evergreen Park; 1911 Stanley Steamer, Wilbur Yates of Heyworth; 1913 H. A. Moyer, Wayne McKinley of O'Fallon; 1916 Dorris, Walter Bellm of Highland; 1921 Overland, V.A. Garner of Decatur; 1924 Lincoln, R.M. Johnston of Springfield; 1926 Ford Glenn DeMoss of Galesburg; 1927 LaSalle, Richard C. Johnston, Jr., of Winnetka; 1929 Ford, Martin M. Wick of Highland, and 1933 Chevrolet, Lawrence R. Lyric Opera To Hold Dancer Auditions

Ruth Page, Lyric Opera of Chicago's world renowned choreographer and ballet mistress, in preparation for an extensive repertoire to be produced during the forthcoming season, will hold a full-scale try-out to choose candidates for regular positions with the Opera's ballet complement. The try-outs will begin at 2 p.m. on Sunday, Aug. 18 and will be conducted on the stage of the Opera House.

Dancers chosen will be placed under contract for the Lyric Opera season which begins on Friday, Sept. 27 with Strauss' "Salome." The ballet repertoire will include the Stravinsky double-bill "Le Rossignol" and "Oedipus Rex" and ballet sequences in Verdi's "Masked Ball" and Falstaff and Bellini's "Norma."

Both men and women, students and experienced dancers, are invited to compete for places in the company. Those dancers selected are usually retained for the "Nutcracker" ballet to be performed in the Opera House from December 20 to January 5, and for the extensive national winter tour of the famed Ruth Page's International Ballet troupe.

The Lyric Opera Ballet performs the dance sequences and fulfills the balletic requirements of the opera season. The company works with dis-

tinguished dancers, including LaScala of Milan's Carla Fracci in the forthcoming season and Alicia Markova, Maria Tallchief, and Rudolf Nureyev in past season.

Dancer - applicants should report to the backstage door of the Opera House, on Wacker Drive at the corner of Washington Street, at 1:15 p.m. on Sunday, Aug. 18. They could bring practice clothes -- light colored tights and toe shoes. Applicants who wish to be judged on a solo basis are requested to bring their own music. An accompanist will be furnished by Lyric Opera. Though the try-outs are open to both student and experienced dancers, Miss Page's standards require an already developed classical ballet technique as a pre-requisite for all who seek positions with the company.
